Technical Resources for the Online Application

Compatible Web Browsers

Due to differences in personal computer security features, browsers, and operating systems, the online application system may experience some technical issues when accessed on certain computers or with certain web browsers.

- What type of browser are you using? Certain browsers are not compatible with Peoplesoft, which is the vendor for all OMNI applications, including the online employment application. Click here to review a chart of supported operating systems and browsers.

Additional tips and guidelines can be found in the Before You Apply and How to Apply job aids found on the website.

For further assistance with technical issues using the online application, please contact Human Resources, Employment and Recruitment Services at (850) 644-6035 or jobs@fsu.edu.
